## OVERVIEW

A passionate Computer Engineering undergraduate focused on full-stack development, cloud computing, and modern technologies. Always eager to learn, build innovative applications, and explore new tools and frameworks to grow my skills.

## SKILLS

- **Technical Skills :** JavaScript, Java, TypeScript, React Js, Next Js, Redux, Node Js Express Js, Electron Js, PostgreSQL, MongoDB. Docker, Tailwind CSS, REST API, Cloud Computing, Linux, Data Structures and Algorithms, Operating Systems.

## EXPERIENCE

**Aai Ekvira Solutions | Cold Storage Inventory Application (Freelance)** *Nov 2024 - present*

**Electron JS | Shad CN | Node Js | Postgress SQL | TypeScript | REST API | Docker**

- Designed and developed the **database** and **backend** for a **multi - tenant software solution** enabling **admin-level control** over company access, **secure data storage**, and **reporting functionalities**.
- Implemented advanced features, including **document storage**, **budget tracking**, **temperature monitoring**, and **financial management**, ensuring **data integrity** across multiple tenants. Deployed the application using **Docker**, **CI pipelines**, and **cloud infrastructure** for scalable performance.

## PROJECTS

### Shopper Website

**React | CSS | Node Js | Express Js | Mongo DB | REST API**

- Developed a **full-stack e-commerce** platform using the **MERN** stack, including an attractive, user-friendly interface and robust admin panel for **managing products, orders, and cart functionality**.
- Addressed technical challenges such as image integration by utilizing **Multer** and **Firebase**, ensuring **efficient image handling** and **seamless user experience**.

### Learning Management Portal DYPIEMR (Presently Working)

**Next Js | REST API | Tailwind CSS | Shad CN | Mongo DB | Clerk Auth**

- **Led the front-end team**, managing **task distribution**, **reviewing code** for responsiveness and readability, ensuring **adherence to modern development standards** with proper documentation.
- Contributed to developing a **dynamic, optimised user interface** using **Next.js** (leveraging **SSR, SSG, CSR**), **Tailwind CSS**, and **Shad CN**, creating a **centralised platform** for managing study materials and learning resources for college students.

## EDUCATION

**Dr. D. Y. Patil Institute of Engineering, Management and Research**

Bachelors of Engineering in Computer Engineering

**CGPA: 8.33**

**2021-2025**

## CERTIFICATES

- **AWS Cloud Practitioner Essentials** (AWS Training).
- **Complete Linux Training Course to Get Your Dream IT Job2023** (Udemy).
- **DevOps Culture and Mindset** (Coursera).
- **Mastering Data Structures and Algorithms using C and C++** (Udemy).

## POSITION OF RESPONSIBILITY

**Computer Society of India, DYPIEMR | DSA Coordinator**

*Aug 2022 - Aug 2023*

- **Engaged 50+ members** in regular DSA Learning sessions on DSA learning and problem-solving, **Distributed structured study materials**, **hosted sessions**, and guiding juniors to enhance their skills.
- **Cultivated a strong DSA learning culture** within the college by organising events and **fostering active participation**, earning recognition for promoting **problem-solving** and coding excellence
